SIPP Permitted Investments

Stocks and Shares

Stocks and shares that are listed, or traded, on a recognised stock exchange.

A recognised stock exchange for these purposes is either:

- The London Stock Exchange or the Alternative Investment Market ('AIM');
- An overseas exchange recognised by HM Revenue & Customs (HMRC); or
- An exchange recognised by the Financial Conduct Authority ('FCA') as either a recognised investment exchange, or a recognised overseas investment exchange, or a designated investment exchange, or a regulated market in the European Economic Area ('EEA').

This covers most transferable securities, including:

- Shares in companies (equities);
- Fixed interest securities issued by government or other bodies;
- Debenture stock and other loan stock;
- Permanent Interest Bearing Shares ('PIBS');
- Convertible securities; and
- Exchange Traded Funds ('ETFs').

Investment Trusts

Investment Trusts that are listed, or traded, on a recognised stock exchange as defined above.

Offshore Investment Trusts may be considered but further due diligence is required.

Real Estate Investment Trusts (REITs)

REITs that are resident in the UK for tax purposes and listed, or traded, on a recognised stock exchange as defined above.

REITs that are resident outside of the UK may be considered but further due diligence is required.

Venture Capital Trusts (VCTs)

Venture Capital Trusts ('VCTs') that are listed, or traded, on a recognised stock exchange as defined above.

The SIPP can only buy shares in a VCT through the stock exchange and not directly through a new issue.

Units/Shares in Collective Investment Schemes

Unit Trusts

- Authorised Unit Trusts, which are based in the UK and FCA regulated; or
- Tax exempt unauthorised Unit Trusts whose gains are not chargeable by virtue of section 100(2) of the Taxation of Chargeable Gains Act 1992.

If these invest in residential property, they must be genuinely diverse commercial vehicles.

Open Ended Investment Companies (OEICs)

- Within the meaning of section 236 of the Financial Services and Markets Act 2000 (FSMA 2000), and are UK incorporated and FCA regulated;
- Constituted in an EEA member State and are recognised schemes under section 264 FSMA 2000; or
- Collective Investment Schemes constituted outside the UK and EEA but satisfying the authorisation requirements under section 270 of the FSMA 2000 as being managed and authorised in a designated country or territory;
- Listed on an HMRC or FCA recognised stock exchange.

Structured Products

The structured product must either be:

- A deposit account with a licensed deposit taker based in the UK on terms under which any interest or premium paid is according to a formula which involves the performance of an index or combination of indices (other than money market indices). The term must be for a specified period with access being available during the term, albeit at possible penalties, but partial withdrawals are not allowed; or
- An equity based product which provides an agreed level of income or growth over a specified investment period with the return of initial capital at the end of the investment period linked by a pre-set formula to the performance of an index or a combination of indices or a basket of listed shares. The underlying equity investment must itself be listed on a recognised stock exchange.

Deposits

Investments may be made into instant access, fixed term and notice accounts available on the Platform.

When we can change the contents of this list

We may add or remove assets from the list of permitted investments and change the investment restrictions at our sole discretion in the future.

Reasons for changes may include:

- Changes in HMRC rules;
- Changes in pensions or other relevant legislation;
- Changes in the regulatory regime governing pensions and investments or reporting requirements;
- Changes in investment markets; and
- Changes in how our business operates.

We can sell an asset if it is removed from the list of permitted investments.

Important Information

- It is the member's responsibility to ensure any investments purchased are permissible. In particular, if any asset purchased is deemed to be taxable property under the pension legislation and/or HMRC rules, any subsequent tax liability incurred will be the member's responsibility.
- IFDL is not regulated to provide investment advice. The member is responsible for choosing investments that are suitable for their individual circumstances and for discussing the investment strategy with their Financial Adviser on a regular basis.
- All investment transactions must be carried out on a commercial basis.
- IFDL may decline making an investment for various reasons, including where it may deem the asset is not a readily tradable investment.
